

Roop Ayurvedic Spa
Eczema Lotion Testimonial

My name is Natie and I have been suffering from the horrible skin condition through out my whole life. I tried everything you could possibly think of to help relieve my skin. I remember this time last year in winter being miserable. The winter is one of the worst times of year dealing with eczema for me. I was sick and tired of scratching my hands till they bleed to relieve the uncomfortable feeling. I couldn't handle suffering from eczema anymore.

I am done with all prescriptions!

Several months ago I discovered the Eczema lotion from Roop Aryurvedic Day Spa. After using it for only a few nights, I noticed that several huge patches of raw skin had become normal looking again, and I stopped scratching. I could not believe that it worked so fast. It was the most amazing feeling to know that an eczema lotion healed my skin. Since I had tried all possible topical solutions, I was skeptical of it benefiting my skin. The lotion worked like a champ! I still use it on a "need-be" basis, and it continues to make me happy.

I would recommend this to anyone who has ever struggled with this frustrating skin disorder. One of the best things about it is there are no side-affects. This is a major benefit to using an all natural solution. I am so appreciative of finding the answer to treating Eczema! I have to say thank you so much to Roop Aryurvedic Day Spa for their most sincere support.

Sincerely,
Natie Kwait
